

WARTHOG® COMFORT MAXX STEEL HARNESS

A steelworker inspired version of our best-selling Comfort Maxx, this all-new harness features upgrades to the belt so it better handles popular tool bags and dual lifeline attachment point to lessen strain on the lower back, and a pre-installed trauma relief strap. Combine these features with the comfort and durability of the original, and its own unique color-scheme, the Comfort Maxx Steel is sure to be a favorite for all industries.
