

## 30' REFLECTIVE LIFELINE

Since 2015, Malta Dynamics has supplied top-quality workplace safety gear directly to users. With over 600 field employees, we prioritize their needs, testing products extensively to ensure they meet real-world demands. This commitment has made us a leading name in safety, known for our **Field Tested, Field Approved** products.

Specializing in working safely at heights, our team, many of whom are hunters, combined expertise, and passion to create the ultimate hunting safety harness and accessories.

Our 30' Reflective Lifeline offers enhanced visibility with its reflective material, making your stand easily identifiable in low-light conditions for increased safety during hunting. With a versatile length that accommodates stands up to 25 feet, it provides ample reach and flexibility for various hunting setups and locations. Equipped with our secure Dual-Action Twist Lock Carabiner, the Lifeline ensures a reliable attachment and maintains a safe connection throughout the hunt. The pre-installed prusik knot makes setup convenient and quick, saving valuable hunting time. Once properly installed, our Reflective Lifeline keeps the hunter connected from the ground to the stand and back again, ensuring continuous fall protection throughout the hunt.
