

HUNTER'S ELITE

By MALTA DYNAMICS

HUNTING VERTICAL LIFELINE ASSEMBLY

The 30' Hunting Vertical Lifeline features reflective material that shines with the slightest beam to locate your stand in low-light conditions. All hunting lifelines come with a carabiner. Once installed properly, the lifeline keeps you connected from the ground to the stand and back again.

Attach your tether to the prussic knot's carabiner, grip the prussic knot lightly and slide it along the lifeline rope to move up and down your treestand.
