## ULTRALIGHT HARNESS

Since 2015, Malta Dynamics has supplied top-quality workplace safety gear directly to users. With over 600 field employees, we prioritize their needs, testing products extensively to ensure they meet real-world demands. This commitment has made us a leading name in safety, known for our **Field Tested, Field Approved** products.

Specializing in working safely at heights, our team, many of whom are hunters, combined expertise, and passion to create the ultimate hunting safety harness. Unlike typical options, our harnesses are designed for durability, comfort, and lightweight performance, which is ideal for all-day hunts in any weather.

Our Ultralight harness combines modern design with top-notch safety features. It's crafted with breathable padding on the back, shoulders, and legs, durable 1" webbing, and aluminum quick-connect buckles. Every Ultralight harness kit includes a Tree Strap, Lineman's Climbing Strap, and a versatile Deer Drag/Suspension Relief Strap.

Tested to ASTM F2123-19 standards, the Ultralight harness supports hunters up to 300 lbs.
