

CLASS A PYGMY HOG SERIES

The Pygmy Hog® 6' Self-Retracting Lifeline is a Class A Web SRL that is manufactured from non-corrosive, lightweight components including a durable ultrahigh-molecular-weight Polyethylene (UHMWPE) & Polyester lifeline, and a durable housing made from a high strength thermoplastic polymer. The Pygmy Hog® Self-Retracting Lifeline features a standard rebar or steel snap hook connector and supports an ANSI worker weight capacity range of 130-310 lbs. The Pygmy Hog® is built to work as a single unit or in a kit of two with the user wearing both units at once. This OSHA and ANSI compliant, high-quality equipment is a must-have for your jobsite.
