

4.5' - 6' SINGLE LEG STRETCH INTERNAL SHOCK ABSORBING LANYARDS

The 4.5' – 6' Single Leg Stretch Internal Shock Absorbing Lanyard is specifically designed to help reduce the hazards of tripping or catching on nearby machinery found on many of today's industrial and construction sites. This lanyard is ideal for work in tight spaces and around machinery. The lanyard is designed to stretch from 4.5 feet when at rest and out to 6 feet when needed. It is available in multiple connector options.
